ABOUT MP LUBRICANTS

MP LUBRICANTS PVT.LTD. is in Automotive and Industrial lubricants market of India with its name called MP Since 1999 with aim of providing premium quality products to its valuable customer that satisfied them. Our products come out from plant in motidau near by mehsana (Gujarat) having all adequate and modern machinery to process the raw-material and ensuring the premium quality of finished product to its customer. We have well-equipped testing laboratory for rigorous checking of quality of products. We are manufacturers of automotive lubricating oil of different grade, Industrial lubricating oils and automotive grease. Our products are manufacture from pure base oil with addition of required premium quality additives for extra-ordinary performance of machinery in which they are going to used, as our aim is to provide good quality and at same time satisfaction of customers.

We have make effort to improve quality continuously by adopting new technology and method. Its meets the all standardization give by API/IS/JASO etc.

MP LUBRICANTS is available in various packing as per as requirement of customer.

Our products are available at various distributors and dealer in all-over Gujarat and India.

Automotive Product Range

MP FORCE 4T OIL 4 STROKE ENGINE OIL (JASO MA2)

- MP force 4T is a high performance four stroke motorcycle oil, non-friction modified, shear-stable, multigrade oil specially formulated for new generation four-stroke motorcycles and scooters.

Recommended For :-

- Recommended for all 4-stroke bikes and scooters filled with modern four stroke engines.

Available Packing Size (In litre) : 205,50,20,1 & 900 ml.

MP FORCE 2T OIL

- MP Force 2T is a high performance 2-stroke motorcycles scooters, autorickshaws and moped engines of Bajaj auto, LML, Tvs and Kinetic other engine manufacturers.

Recommended For :-

- 2 stroke motorcycles, Scooters, Auto rickshaws and moped engines of Bajaj auto, LML, Tvs and Kinetic other engine manufacturers.

Available Packing Size (In litre): 205,50,1 & 500 ml

MP FORCE CNG OIL SAE 20W50 (API SL)

- MP Force 20w50 Multigrade Gas Engine oil specially developed for vehicles operating on natural GAS, LPG and dual fuel.
- Reduces oil consumption as compared to monograde oil.

Recommended For :-

- Recommended for new generation of passenger cars of Maruti, Hyundai, Ford, Bajaj and Tvs etc. Suitable for Buses, Taxis, Cars and Autorickshaws (4 stroke engine)

Available Packing Size (In litre): 205,50,20,1 & 500 ml.

MP FORCE CAR OIL 5W 30 - 10W 30 (API SN)

- Meets & Exceeds Requirments of API SN Specification.
- Premium Quality Base Oil & Anti-Wear Additives Properties.
- Specialist of all new generation Engines for better performance.
- It helps to generate quick Start and Powerful Pick up.
- Increased life of transmission and clutch plates which helps for more mileage.
- Suitable for all type of Cars.
- Provides 50% Sludge Protection.

MP FORCE PLUS(SAE 20w40 (API CF-4))

- MP FORCE 20W40 PLUS API CF multi grade diesel engine oil suitable for all engines, petrol & diesel naturally aspirated or turbo charged engine.

Recommended For :-

- All new generation vehicles with turbo-charged engines. suitable for use in light, medium and heavy commercial vehicles manufactured by Tata motors, Eicher, Ashok Leyland, Mahindra and Mahindra and Force motors.

Available Packing Size (In litre):

205,50,20,10,7.5,5,3.5,1 & 500 ml

MP FORCE TURBO SAE 15W40 (API CH-4 / C I-4 PLUS)

- MP Force 15w40 Turbo API CH-4 multi grade diesel engine oil for use in all modern low emission, turbocharged and naturally aspirated diesel engines. The product has been specifically developed to meet the requirements of engines conforming to Euro 3 and Euro2 emission norms and also meets the stringent requirements of Volvo etc.

Recommended For :-

- Recommended for tata motors, eicher, ashok Leyland, Volvo and amw etc.

Available Packing Size (In litre):

205,50,20,15,10, 7.5, 5, 3.5, & 1

MP FORCE GEAR EP-90/140/80W90/85W140 (API GL-4)

- MP Force Gear EP oil is a specially formulated multigrade heavy duty gear oil for extreme operating condition.

Recommended For :-

- Suitable for use in heavy duty gear box & rear axle drivers.
- Other applications involving spiral bevel gears operating under moderate to severe speeds and loads and axles with hypoid gears operating under mild to moderate speeds and loads.

Available Packing Size (In litre):

205,50,20,10,5,1 & 500 ml.

MP FORCE LONG LIFE GREASE NLGI 3

- MP Long life grease is a premium quality, high performance lithium soap based grease. It conforms to NLGI 3.
- It is manufactured from high quality base stocks and performance additives.

Recommended For :-

- Recommended for lubrication of medium and heavy-duty wheel bearings especially in trucks, construction, mining and earthmoving equipments.
- Extended service life of (50,000 km+)

Available packing size (In kg) :

180,18,5,3,2,1 & 500 gm

MP FORCE MP-3 GREASE MULTI PURPOSE GREASE

- MP Force multipurpose MP-3 grease is for lubrication of roller bearings, articulations, hubs etc. working under normal and heavy duty conditions.

Recommended For :-

- Recommended for use in all commercial vehicles, passenger cars, construction equipment, farm machinery.

Available packing size (In kg) :

180,20,18,5,3,2,1,500 gm & 250 gm

Industrial Product Range

MP FORCE HYDRAULIC

- MP Force hydraulic for trouble free operation of circulator, splash, both and ring oiling systems, requiring oil with anti-wear, anti-oxidant and anti-rust properties. To meet the stringent performance requirement of hydraulic system of sophisticated and new generation industrial equipments.

Available Packing Size (In litre): 5, 20, 26, 50 & 205

Range : 32, 46, 68, 100,150,220 & 320

MP FORCE DEF (AUS-32)

MP machinery oils are formulated with suitable base Oil and additives to improve adhesiveness and film strength. Characteristics by providing continuous film to an unusual. Degree has marked influence in reducing power consumption, Wear and maintenance cost.

Available Packing Size (In litre): 205,20,10 Litre

MP FORCE (INDUSTRIAL GEAR OIL)

- MP Gear oils are extreme pressure type industrial gear oils. This products are blended from premium quality base stock with selected quality of additives like EP anti-rust, anti-form and anti-wear properties.

Range : 100,150, 220, 320, 460 & 680

MP GELL GREASE NLGI 2.5

- Recommended for use in Automotive Wheel Bearing on all types of Passenger, Commercial Vehicles off highway & farm equipments. Unique Transparent look & feel. Higher Drain Interval of 1,00,000 km. 26% better thermal stability compared to other. Superior wear & corrosion protection Unique adhesion/tacky property. Protects components against corrosion & wear, hence enhanced bearing life.

Available packing size (In kg) : 180,18,5,3,2,1& 500 gm

MP COMPRESSOR OIL

- MP Compressor oils are specially developed for compressor lubricants under prolonged high temperature and load conditions. These oils also have very good demulsibility property and low deposits and sludge forming tendency. They process very low carbon forming tendency.

Range : 32,68,100,150,220 & 320

MP FORCE THERMIC 500 & 600 (HEAT TRANSFER OIL)

- MP Thermic oils are high quality performance fluids designed for excellent performance in thermic fluid heating system. These oils are blended from selective base stocks and excellent additives package to make it suitable as long life thermic fluid for a wide range of temperature application in thermic fluid heaters.

MP FORCE TRANSMISSION OIL (SAE 10/30)

- MP Transmission oils meet more severe oxidation stability and superior non-asbestos clutch friction tests fluoroelastomeraseal compatibility and more demanding anti-form and anti-copper corrosion requirement due to superior performance level.

MP FORCE G-1000 (ROTOVATOR OIL)

Our Special Product **ROTOVATOR OIL**

MP Force G-1000 is a specially formulated gear oil for the machine like rotovator in agriculture gear box and rear axle in heavy machine. It smooth the lubricity in the parts of machine and enhance the working efficiency of the machine.

MP FORCE CUTTING OIL

MP Cutting oils is blended from premium quality mineral base oil emulsifier anti-rust, anti-form additives and biocides. It forms extremely stable milky emulsion of the oil-in-water type.

Available Packing Size (In litre): 205,50,20 Litre

MP FORCE FRIZ (REFRIGERATION OIL)

- MP Frizz oils are high quality mineral lubricants formulated for the lubrication of reciprocating and rotary refrigeration compressors. These oils possess inherent resistance to oxidation and deposit formation.

Range : 22,32,46,57,68 & 100

MP FORCE SPIN (SPINDLE OIL)

MP Spin oils are premium specially formulated to meet the spindle lubrication requirement in textile industry. These products are blended from premium quality base stock with selected quality of additives for anti-oxidants, anti-rust, anti-form and anti-wear properties.

Range : 11 & 12

Regd. Office :
